Controller Trusler Borrows \$40,000-Pointed Letter on Reducing Bills -Janitor Duke's Pay. It would have been no wonder had the

Republican ticket been elected this fall by 10,000 majority instead of 3,000, were all the extravagances and mismanagement of the Democratic administration known at the department during the several years of the Sullivan rule. The figures for the past ten partment. No new houses were built during the reign of the last Board of Safety, and no extensive improvements were made in the department, yet the fire department bills have increased nearly \$50,000 ar aually since Mr. Denny retired from the mayoralty four years ago. It cannot be recailed that any additional engines or apparatus have been bought for the fire force, or if they have they have not been expensive. The money, it seems, has all gone for salaries to men and in the reckless purment to buy a bushel or two of oats in one place and a bushel or two in another place, dividing the patronage at the expense of adopt the government's plan of advertising for bids for these supplies to be furnished during the year as the department may need them. In 1889, the last year of Mr. of the fire department amounted to \$78,last ten years is given as follows:

The fiscal year was changed after 1889 and the report for 1830 is short two months, This is the first year of the Sullivan crowd.

There was a police board in the olden days and their salaries are offset by those of the Board of Safety. The department was in very fair shape when the Republican administration went out of power. It will also be remembered that one of the first acts of the Democratic administration was to trade several engines for a neavy one, and to appropriate a big sum of money for

NO AMBULANCE UNIFORMS.

The Controller Puts His Foot on Another Bill.

The Board of Health received quite a pointed letter from Controller Trusler yesterday on the matter of expenditures. The board had sent in a bill to the controller's office for new uniforms for the ambulance torps. The bill was under \$30, but the controller refused to allow it. He said there was no money appropriated for uniforms for an ambulance corps, and as the police-

Dr. Wishard Commends Dr. Ferguson's Management Highly. In reference to the comments on the decision of the Board of Health to retain the City Hospital and dispensary superintendents until the expiration of their present terms Dr. Wishard said yesterday: "A serious mistake is made by those who are advocating a change of management at the City Hospital and City Dispensary. The present board will do wisely to pay no heed to the clamor for a change. I am surprised to see Controller Trusler advocating a | be \$1,075. change on the ground of economy. I have to-day gone over the record of expenditures for the City Hospital for the fiscal year ending Sept. 1, 1893, and the last four months of that time only Dr. C. E. Ferguson, the present superintendent, was in charge. During the first eight months of the time the average monthly expenditure was \$2,139.43. During the last four months chase of supplies. The new Board of Safety after Dr. Ferguson assumed control the average monthly expenditure was reduced has promised to devise a system of purto \$1,605.61. I do not sympathize with any chasing supplies that will do away with effort to run the hospital upon a so-called this reckless expenditure in dribs. It has 'cheap' plan, but Dr. Furguson has disbeen a custom, it is said, in the departplayed unusual ability in keeping the expenditures as low as consistent with efficient management. I have been intimately acquainted with the management of the City Hospital for the past twenty years. Seven and a half years of that time I was the city. The new board says it will superintendent and I have never known the nospital to be under more efficient management than since Dr. Ferguson became superintendent. In many respects the condition of the institution was never as good as at present and it is unquestionably due to Denny's second term of office, the expenses Dr. Ferguson's good management. An injustice is done Dr. Ferguson in some of the published statements-where the impression 592.98. The last year of Mayor Sullivan's is conveyed that he failed of passing the term the bills amounted to \$126,967.67-no examination for superintendent of the dispensary. The statement is absurd. No exnew companies, no new buildings, no examination is held. He was elected superinpensive new apparatus. The table of the tendent by the Board of Health. I know expenditures in the department for the that I voice the sentiment of nine-tenths of the profession when I say that any further effort to inject politics into the manage-ment of the hospital and dispensary will be most vigorously opposed.'

CONTROLLER MAKES A LOAN. Borrows \$40,000 After Receiving Bids

on the Loan.

Following up the authority granted him by the Council on Monday night, Controller Trusler yesterday made a temporary loan of \$40,000, to be repaid on May 1, 1894, out of the April settlement of taxes. Early in the morning he invited the bankers of the city to submit propositions to him on this loan. President Malott, of the Indiana National, declined to bid, and Mr. Holt, of the State Bank of Indiana, said that he would not bid. The other bankers, with the exception of John P. Frenzel, of the Merchants' National Bank, and Stoughton A. Fletcher, of Fletcher's Bank, failed to give heed to the Centroller's invitation. At 19 o'clock the Controller opened the bids submitted by the two banks. Mr. Frenzel offered to lend the money at 6 per cent. interest and \$33.33 premium. Mr. Fletcher offered to lend the money at 6 per cent., with a discount for time, which was \$33.33 higher than that of Mr. Frenzel. The loan was therefore obtained from the Merchants' National. Mayor Denny came in a few minutes later and signed the necessary papers,

of the Council's resolution. The Matter of Duke's Salary. Controller Trusier declined to pay the October salary yesterday of W. A. Duke, formerly head janitor of the city hall. The Board of Works had issued a voucher, but

nue and Sixteenth street. The accident

was caused by a switch being left open. Very little damage was done either car, and fortunately nobody was hurt. Italians Going Back Home. PITTSBURG, Nov. 7. -- Consul Max

Schamburg says that fully fifteen hundred Italians have left Pittsburg for their native shores since the hard times set in. Many of them are from the mill districts outlying this county, but the majority are from Pitisburg and the immediate locality. A score or more left to-day. Many Hun- | years, on the same account. garians and cheap laborers of other nationalities have also returned to their homes, not being able to earn their usual wages, and in many cases being unable to secure employment.

flowers, last evening were the music and the formal addresses. The former was furnished by Zumpfe's orchestra. The welcome address was made by Mayor Denny, i

The Triumphant Chrysanthemum Reigns in Glory.

Auspicious Opening of Indiana's Annual Show of Flowers-Last Evening's Awards.

The seventh annual show of chrysanthemums began last evening at Tomlinson Hall. and the vast room looks like a veritable garden of flowers with its triangular-shaped beds filled with bright-colored blossoms. The florists each year try to make the hall into a fairy land, and they usually succeed. The entrance from the street gives promisof what the visitor may see when once within the walls. There are evergreen trees along the staircases, and at the entrance to the next month several of the inspectors will | hall there are brilliantly-colored portieres and garlands of laurel. Once inside the hall, there are festoons of laurel and Southern moss, and dependent from the ceilings there are streamers of the American colors. In the center there is a huge bell and below it is a ship, a fac simile of the Santa Maria made of flowers. All around the hali are

flowers on tall stems and flowers on short stems, single and great bunches of the autumn queens. The stage is profusely decorated with tropical plants and the national colors. The largest first night attendance the flower show ever has had was present, and there were many expressions of congratulation that the city had furnished so good a show when the super-attraction of a national show was being held this week in Chicago. There is even a greater variety of blossoms but not so many exceedingly large plants as there have been in previous

The special attractions, aside from the men and firemen had to buy their own uniforms he saw no reason why the city should discriminate in favor of the ambustism and all other blood diseases. nished to delight the people, and I am glad to witness the wonderful improvement made in the cultivation of this plant. It is pleasant to see the flower show each year. It affords me a pleasure and a grateful one to welcome the florists of the State. I bespeak for the show this year a generous patronage and for the years to come. The city owes much to the florists, and for them all I bid you welcome." The response in behalf of the florists was made by M. A.

Hunt, of Terre Haute, who spoke instead

of the State president, Mr. Hill, of Richmond. Mr. Hunt made a complimentary speech to Mr. Denny, congratulating Mr. Denny that the wheel of fate had once more brought him to preside over the city's affairs. Said Mr. Hunt: "We are proud that this State has given us warriors, statesmen and the Nation's chief executive. The florists are glad to add to the happiness of the city and to its material welfare. These exhibits have placed this city at the head of the list for flower shows in the West, until this year, the Chicago show alone surpassing it this week only in quantity and not in quality. We ask you to help us by your appreciation to spread the fame of this city throughout the State for beauty.

The special displays last night were for roses and carnations. The Meteor, a rich red; the Kaiserin Augusta Victoria, a delicate lemon color; an extra large Mermet; the Madame Testout, a delicate pink; the Bridesmald, a large pink, and the white La France being the most admired. The orchids will not arrive until to-day, and a special lot of seedlings will be added to the collection of chrysanthemums. The single-stem plants are the finest the shows have ever had. Among the blossoms at the front of the stage which are the single blooms are the Queen, an enormous white flower; the Margaret Jeffors, a magnificent amber; the Vivien Murel, noted for its pecultar petal, comes in several shades and colors; the Flora Hill, a spreading white with a tinge of yellow. A dark pink bloom is named for W. H. Smith, the head gardener of the botanical gardens at Washington. The flower above all others which brought the "ohs!" and "ahs!" of admiration was the Golden Gate, the largest bloom in the whole show. A bloom which is considered by the florists as the best among ther eds is the G. W. Childs, and it is a dark red, with just the faintest touch of gold. To go from one end of the hall to the other, one can find a flower to match any costume or color, red, pink, yellow, lavender, heliotrope, gold, in fact anything but blue. The gallery and general decorations outside of the flowers were arranged by Mr. Truemper, and they finish the hall and make a very good border for the flowers. The awards last night were for roses and carnations and were as follows:

Ten Perles, first, Charles Wheatcraft, Inianapolis; second, M. A. Hunt, of Rich-Ten Mermets, first, M. A. Hunt; second, W. W. Coles, of Kokomo. Ten Bride, first, Charles Wheatcraft; second, M. A. Hunt. Ten La France, first, Charles Wheatcraft,

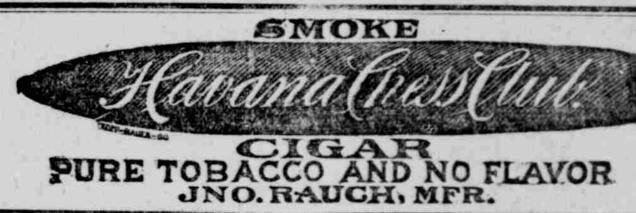

Ten Watteville, first, W. W. Coles. Ten Meteors, first, M. A. Hunt; second, Ten Testouts, first, W. W. Coles; second, Ten Kaiserin, first, W. W. Coles. Ten American Beautys, first, W. W. Coles. Fifty white carnations, first Fred Dorner,

Ten Nichetos, first, M. A. Hunt; second,

f Lafayette; second, F. Hartje, city. Fifty red, first, Bertermann Brothers. Fifty pink, first Fred Dorner; second, Bertermann Brothers. Special fifty introduced in 1893, first Fred Dorner: second, E. G. Hill, of Richmond. Twenty-five new varieties, first, Peter Herb, of West Healthy, O.; second, Fred
